

Hi-Speed USB 2.0 to ExpressCard/34 Adapter

Connect and use ExpressCards through a USB port.

Model
179188

The convenient MANHATTAN® Hi-Speed USB 2.0 to ExpressCard Adapter quickly and easily adds an additional ExpressCard/34 slot to any USB-equipped desktop or notebook computer. Connect and work popular USB-based ExpressCard devices, including EVDO/HSDPA broadband wireless access modems, wide area network (WAN) modems, flash memory card adapters, serial, parallel and PS/2 cards, solid-state drives (SDD), GPS receivers and more. The MANHATTAN Hi-Speed USB 2.0 to ExpressCard Adapter is also an economical solution for expanding ExpressCard functionality to desktop systems without an ExpressCard slot and adding more access to newer notebook computers. Its Hi-Speed USB 2.0 interface provides a reliable connection with data transfer rates up to 480 Mbps for most USB-based ExpressCards (PCI-Express based ExpressCard devices are not supported).

Easy to Use

Plug and Play installation and hot-swap capability enable easy configuration and use without drivers or restarting the computer.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
179188

Features

- Easily connects ExpressCards/34 through a USB port — ideal for broadband wireless modems, flash memory card adapters, serial, parallel and TV cards, GPS receivers and more
- Creates another slot to operate additional ExpressCard/34 cards
- Adds functionality to desktop and notebook computers not equipped with an ExpressCard/34 slot
- Supports data transfer rates up to 480 Mbps
- Plug and Play installation; hot-swappable; Windows compatible
- Lifetime Warranty
