© LINDY ELECTRONICS LIMITED & LINDY-ELEKTRONIK GMBH - FIRST EDITION (November 2015)

1. Package Contents

- WPS Box
- WPS USB Token
- Power Adapter (DC +5V, 2.6A)
- WiFi Antenna x 2
- Wall-mount kit
- CD (Quick Installation Guide)
- This User Manual and Driver

2. USB Token Contents

- Windows Installer (WPS Windows Installer)
- Mac Installer (WPS Mac Installer)
- VAC Driver (For Windows XP Audio Projection)
- VDD Driver (For Windows XP/Vista Virtual Extended Screen)
- USBoIP Driver (For IWB feature)
- User Manual
- WPS Execution File
- SVS Driver (For Mac Virtual Extended Screen)
- Utility
 - PtG Converter (For MobiShow PtG function)
 - SNMP Manager (For SNMP Management)

3. Physical Details

• Front Panel

• Rear Panel

• Bottom Side

4. What You Might Need

- Projector/Display with VGA/HDMI interface
- Windows or Mac PC/Laptop
- Apple iPhone, iPad or iPod-touch device
- Android Phone or Tablet device
- Speaker (Optional, for audio projection feature)
- USB Mouse and Keyboard (Optional, for remote desktop feature)
- USB HID Touch Screen/IWB Device (Optional, for USB over IP feature)

5. WPS Quick Installation

1) Connect WPS device to Projector/Display through VGA/HDMI port and turn on Projector/Display power.

- 2) Connect the power adaptor to WPS device and press the power button to turn on WPS device. System will be ready when the LED light turns to green.
 - It will show the default standby screen as below when system is ready.

Wireless Presentation System	Login Code
in actors in escalation system	4567
	SSID: WPS IP: 192.168.100.10
 Connect your PC or Mac to the WHI network name shown right. Lawnch WPS Application. (Itom PTS USB loken or download from the WPS device through a web browset) Type in the code shown on the projector screen, and start your show! 	
	Ver 10.0.0

6. DoWiFi for Windows

1) Make sure your PC WiFi is enabled already, and connect your PC to WPS box through WiFi.

- Open your browser and enter the Device Host Name (SSID) or IP address in the browser. You can find the IP address and Host Name (SSID) on the projector screen. (Default Host Name (SSID) is WPS, Default IP is 192.168.100.10)
- 3) Download the client software for "XP/Vista/Windows 7 / 8" and install on your PC. (You can also launch the application from PnS token directly.)

Wireless Presentation System			
WPS-IPro2 > Download			
Download Conference Control Admin Webslides (View Projecting Screen)	You can download Utility for Windows from here. Download (XP / Vista / Windows 7 / 8) Note: For Internet Explorer 8 and above, please disable the "SmartScreen Filter" first to download and install this software. You can download Utility for MAC from here.		
	Download (MacBook 10.7 ~ 10.9)		
	Copyright © 2014. All Rights Reserved		

- 4) Launch WPS client and connect to WPS receiver.
- (Make sure your personal firewall allows WPS software to pass through.)
- 5) Enter the **CODE** and you can see the Code on the projector standby screen.

	Ξ	- ×
	Login	
Login: WPS		×

1. <u>Contenuto della confezione</u>

- WPS Box
- Token USB WPS
- Alimentatore (DC +5V, 2.6A)
- Antenna WiFi x 2
- Kit di montaggio a parete
- CD (Quick Installation Guide)
- Questo manuale

2. Contenuto del Token USB

- Windows Installer (WPS Windows Installer)
- Mac Installer (WPS Mac Installer)
- Driver VAC (per Windows XP Audio Projection)
- VDD Driver (per Windows XP/Vista Virtual Extended Screen)
- Driver USBoIP (per la funzione IWB)
- Manuale Utente
- File eseguibile WPS
- Driver SVS (Per Mac Virtual Extended Screen)
- Utility:
 - PtG Converter (per funzione MobiShow PtG)
 - SNMP Manager (per la gestione SNMP)

3. Dettagli fisici

• Pannello frontale

• Pannelloposteriore

• Vista da sotto

4. Di cosa potreste aver bisogno

- Schermo/Proiettore con interfaccia VGA/HDMI
- Computer Windows o Mac
- Apple iPhone, iPad o iPod-touch
- Smartphone o Tablet Android
- Diffusori audio (opzionali, solo per presentazioni con sezione audio)
- Mouse e Tastiera USB (opzionali: solo funzione remote desktop)
- Dispositivo Touch Screen/IWB USB HID (opzionale: per funzione USB over IP)

5. Installazione rapida WPS

1) Collegate il dispositivo WPS allo schermo/proiettore tramite un cavo VGA/HDMI ed accendete lo schermo/proiettore

- 2) Collegate l'alimentatore al dispositivo WPS e premete il tasto Power. Il sistema sarà pronto quando il LED Power diventerà verde.
 - Quando il sistema sarà pronto verrà visualizzato la seguente schermata iniziale:

	Login Code
Wireless Presentation System	1567
	4507
	IP: 192.168.100.10
 Connect your PC or Mac to the WH1 network name shown right. Launch WPS Application. (from Pris USB token or download hom the WPS device througha web browsec) Type in the code shown on the projector screens, and start your show!

CE Certification

This equipment complies with the requirements relating to Electromagnetic Compatibility Standards EN55022/EN55024 and the further standards cited therein. It must be used with shielded cables only. It has been manufactured under the scope of RoHS compliance.

CE Konformitätserklärung

Dieses Produkt entspricht den einschlägigen EMV Richtlinien der EU für IT-Equipment und darf nur zusammen mit abgeschirmten Kabeln verwendet werden.

Diese Geräte wurden unter Berücksichtigung der RoHS Vorgaben hergestellt.

Die formelle Konformitätserklärung können wir Ihnen auf Anforderung zur Verfügung stellen

FCC Certification

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

You are cautioned that changes or modification not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- 1. This device may not cause harmful interference, and
- 2. This device must accept any interference received, including interference that may cause undesired operation.

LINDY Herstellergarantie – Hinweis für Kunden in Deutschland

LINDY gewährt für dieses Produkt über die gesetzliche Regelung in Deutschland hinaus eine zweijährige Herstellergarantie ab Kaufdatum. Die detaillierten Bedingungen dieser Garantie finden Sie auf der LINDY Website aufgelistet bei den AGBs.

WEEE (Waste of Electrical and Electronic Equipment), Recycling of Electronic Products

Europe, United Kingdom

In 2006 the European Union introduced regulations (WEEE) for the collection and recycling of all waste electrical and electronic equipment. It is no longer allowable to simply throw away electrical and electronic equipment. Instead, these products must enter the recycling process.

Each individual EU member state has implemented the WEEE regulations into national law in slightly different ways. Please follow your national law when you want to dispose of any electrical or electronic products. More details can be obtained from your national WEEE recycling agency.

Germany / Deutschland

Die Europäische Union hat mit der WEEE Direktive Regelungen für die Verschrottung und das Recycling von Elektro- und Elektronikprodukten geschaffen. Diese wurden im Elektro- und Elektronikgerätegesetz – ElektroG in deutsches Recht umgesetzt. Dieses Gesetz verbietet das Entsorgen von entsprechenden, auch alten, Elektro- und Elektronikgeräten über die Hausmülltonne! Diese Geräte müssen den lokalen Sammelsystemen bzw. örtlichen Sammelstellen zugeführt werden! Dort werden sie kostenlos entgegen genommen. Die Kosten für den weiteren Recyclingprozess übernimmt die Gesamtheit der Gerätehersteller.

France

En 2006, l'union Européenne a introduit la nouvelle réglementation (DEEE) pour le recyclage de tout équipement électrique et électronique.

Chaque Etat membre de l'Union Européenne a mis en application la nouvelle réglementation DEEE de manières légèrement différentes. Veuillez suivre le décret d'application correspondant à l'élimination des déchets électriques ou électroniques de votre pays.

Italy

Nel 2006 l'unione europea ha introdotto regolamentazioni (WEEE) per la raccolta e il riciclo di apparecchi elettrici ed elettronici. Non è più consentito semplicemente gettare queste apparecchiature, devono essere riciclate. Ogni stato membro dell' EU ha tramutato le direttive WEEE in leggi statali in varie misure. Fare riferimento alle leggi del proprio Stato quando si dispone di un apparecchio elettrico o elettronico. Per ulteriori dettagli fare riferimento alla direttiva WEEE sul riciclaggio del proprio Stato.
